

## RECORDS WENT TO PIECES

Goddard Athletes Broke Three Former Marks

### ONE RECORD WAS EQUALLED

Good Marks Were Also Set in Five New Events at Gymnasium Yesterday Afternoon—First-Class Material Was Brought Out.

Three records broken, five records in new events established, and one record equalled was the result of the first indoor meet that Goddard has held since 1908. The meet was held in the gymnasium yesterday afternoon, before a fair-sized gathering of students and other lovers of this branch of athletics, who were desirous of getting a line on the seminary athletes. The records that the seminary lads showed onto the shelf were the 16-pound shot put, fence vault, and the running broad jump.

Sherburne, the captain of this year's team and who carried off honors at the interscholastic meet at Burlington last spring, smashed the first two, with Cutting doing the honors in the running broad jump. LeBaron, winning the half mile, senior, and Whitecomb, taking first in the junior 800 event, both established records. "Pinkie" Cayhne also sets a new record for the 440 indoor run. LeBaron, with another first in the mile run, establishes a record for this event. This is the first time in the history of the school that distance runs have been tried in competitive matches. Considering the small size of the hall, the marks made by the runners are remarkable.

The seminary possesses some excellent material in this line.

A squad of about twenty-five, who have been diligently pursuing prescribed courses of training for the past three weeks, whereby their efficiency might be brought to the surface, were out in togs and were divided into two teams, A and B, captained by Sherburne and Martin, respectively. Team A proved to be the superior of team B in athletic prowess by winning the meet by the score of 58 to 41.

The squad which is daily being trained under the watchful eye of Leland Stacy, a graduate of St. Lawrence university and who had charge of last year's interscholastic championship track team, is strong in every event and should duplicate the achievement of last year by again winning the state championship.

Coch Stacy plans to send a squad, numbering about fifteen, to the university of Vermont meet held at Burlington May 18, and he contemplates sending representatives of the school to the meet which will be held under the auspices of Dartmouth college at Hanover, N. H., May 11.

The 20-yard dash was the first event pulled off. Cayhne pushed Sherburne hard for the first prize. In the high jump, Martin is the most able man. He fell short of the school record, but with consistent practice, when the weather

## His Landlady's Advice Probably Saved His Life

I feel that Dr. Kilmer's Swamp-Root saved my life. I inherited weak kidneys. The discharge was so frequent and painful that I would have to stay in bed to obtain temporary relief. I consulted good physicians but the results were disappointing. My landlady advised me to try Swamp-Root as the last resort, which I did, and I was quickly relieved. I continued taking Swamp-Root and my weight has increased fifty pounds. My health is of the best and I have told many others about Dr. Kilmer's Swamp-Root and have done a lot of good in this way. Your wonderful medicine is of great value to mankind.

Yours very truly,

J. H. BRUNBY.

will permit work outdoors, he should prove a valuable man. LeBaron in the distance runs should make the fastest expert himself to the limit when the spring meet is held. Moses, a sophomore, and a member of the track squad of Exeter last year, was somewhat indisposed and did not enter. Craig, a senior, did not make his appearance in the runs, owing to a bad ankle. With both of these men in shape, Goddard will be well represented in the runs.

Sherburne cleared the bar in the fence vault two inches over the previous record, his mark being 6 ft. 8 in. Goddard has a raft of powerful shot putters; Sherburne, Cutting, and Root are men of high rank. Gilman and Horsford are also men of calibre, but not being in form yesterday could not give the spectators a line on their ability. Sherburne hurled the shot to a distance that exceeded the mark made at Burlington last year. His distance is 33 ft. 4 in.

In the running broad jump, there are three men who, with plenty of exercise on mother earth, should be in condition to meet all comers. The manner in which they obliterated the old mark is an auspicious sign that they have the ability. Coach Stacy intends to work his charges out of doors as soon as weather permits, and he plans to hold "weekly" trial meets until the meet at Burlington.

The results:

CRACKED LIPS

Now Is the Time to Use Mentholatum for Chaps, Rough Skin, Sores, Etc.

Now is the time when nearly everyone is troubled with cracked lips, rough face or chapped hands, as cold weather causes these troubles unless special care is taken of the skin.

They can be prevented if Mentholatum is used after washing the hands or face. If, however, the lips are cracked or the hands chapped and rough, apply Mentholatum at night and in the morning the soreness will be gone and the cracks healed. It is of special benefit for cold sores, taking out the burning and healing the sore.

Everyone should have a jar of Mentholatum in the house to use in the case of burns, chills, frost bites or any pain or inflammation. It is of great value in curing external colds. Money back if Mentholatum does not give perfect satisfaction. Buy a jar to-day from your druggist.

A Dainty Toilet Article.

Every lady who desires to keep up her attractive appearance, while at theatre, attending receptions, when shopping, while traveling and on all occasions should carry in her purse a booklet of Gouraud's Oriental Beauty Leaves. This dainty little booklet of exquisitely perfumed powdered leaves which are easily removed and applied to the skin. It is invaluable when the face becomes moist and flushed and is far superior to a powder puff, as it does not spill and soil the clothes.

It removes dirt, soot and grease from the face, imparting a cool, delicate bloom to the complexion. Put up in white and pink and sent anywhere on receipt of ten cents in stamps or coin. F. T. Hopkins, 37 Great Jones St., New York.

## BULLETS FOR FLEEING MEN

Killed Innocent Man Impressed Into Their Service

### TWO CONVICTS FELL ALSO

Third Convict from Nebraska State Prison Then Threw Up His Hands and Was Disarmed—Exciting Chase by Them.

Omaha, Neb., March 19.—Two convicts, John Dowd and John Taylor, who escaped last Thursday from the state penitentiary at Lincoln and Roy Blunt, an innocent victim of their murderous attempt to gain liberty, are dead as a result of a battle with the officers of the law yesterday afternoon.

Charles Morley, a third convict, who escaped from the prison after killing three officials, saved his life by surrendering to the officers with whom he fought a running battle over three miles with horses on the gallop.

The telephone operator at Gretna first reported the desperate men's presence, resulting in bringing six posse to the vicinity.

The convicts had broken into a store at Murdock and stolen guns, ammunition and clothing. Then they forced Blunt and his wife to give them breakfast and furnish an outfit with which they hoped to escape to Albright, compelling Blunt to act as driver.

Chief Briggs and the sheriffs, secured a fast livery rig and gave chase. The convicts forced Blunt to lash the horses into a run, while they fought the pursuers with shotguns and revolvers.

When within 100 yards, the officers opened fire with rifles and the battle raged for three miles along the country road.

Finally Blunt toppled back into the wagon, shot dead. The posse soon shot down Dowd and then Taylor. Morley threw up his hands and was disarmed. He was taken back to Lincoln by train.

## SNAPSHOTS AT CELEBRITIES

Henry A. du Pont, Senator From Delaware.

Senator Henry A. du Pont of Delaware, who may be called upon to prove that his title to his seat is not clouded, is serving his second term in the United States senate. Senator Reed of Missouri, who recently introduced a resolution that the election of the Delaware statesman be investigated, is of the opinion that certain matters connected with the balloting in 1910 need clearing up. Senator Reed declared that as the record stood there was unimpeached evidence that thousands of dollars were distributed from the offices of Henry A. and T. C. du Pont.

A veteran of the civil war, Senator du Pont has a notable military record. He was educated at West Point and graduated at the head of his class in 1861. He rose to be chief of artillery of the Army of West Virginia in 1864 and served with Sheridan at the battle of Winchester. For distinguished gallantry at the battle of Cedar Creek he was awarded a congressional medal of honor. He resigned from the army in 1875, and from 1879 to 1890 he was president of the Wilmington and Northern railroad. Since retirement from active business he has been engaged in farming. Senator du Pont is a native of Delaware, is seventy-four years old and was elected senator in 1905 and re-elected in 1911.

SCIATICA AND NEURITIS

Uric-O is a liquid, internal remedy that relieves at once and cures chronic sciatic and inflammatory rheumatism and all forms of this dreaded disease. Rheumatism cannot remain in the system if this remedy is used, and we can prove this to you.

W. H. Miller, Bridgeport, Conn., is a firm believer in Uric-O, he says: "Uric-O is a godsend to suffering men and women. I believe it to be the only real cure for rheumatism, after months of terrible suffering with the disease I became entirely cured. Through the use of three \$1.00 bottles that awful pain and swelling disappeared, and I am more than glad to tell others of this mighty cure."

Now is the time to use Uric-O. Do not wait until rheumatism affects the heart and possibly cripples you for life. It is composed of perfect antiseptics for the rheumatic acid poison in the system, and the secret of its wonderful success lies in the fact that it is designed to cure rheumatism only.

Drive from your blood those sharp sand-like particles that collect along the muscles and settle in the joints, making every hour an hour of pain. A large sample of Uric-O is given free if 10 cents is forwarded to pay for mailing same, or if you do not care to write, go to your nearest dealer and get a \$1.00 bottle of the remedy, or six bottles for \$5.00, or we will send it direct, all charges paid, if the dealer can't supply. When writing, address The Uric-O Company, 204 State street, Binghamton, N. Y.

The Poet.

The poet has a fearful time,  
For when the spring birds call,  
He has to write a vivid rhyme  
About the tang of fall;

In summer's heat he hammers out  
A cheery Christmas thing,  
And in the fall he sings about  
The crocuses of spring!

His "summer" ballads pay for coal,  
His "winter" ones for ice,  
(Providing that his little roll  
Of verses brings a price).

His life is sort of upside down,  
And inside out as well,  
For in the busy bustling town  
He sings the "bosky dell."

A landsman—yet he sings the sea—  
A chantry full of zest—  
He reels off western poetry  
And never sees the West.

In fact, the poet is a bird  
Of temperament and whim,  
And thought these verses are absurd  
They're less absurd than him!

—Puck.

Would Let People Choose Their Presidential Candidates

MEASURE IS INTRODUCED

It Would Provide for a Vote in July This Year and Would Nullify the Work of National Conventions of Both Parties.

Washington, D. C., March 19.—A bill designed to nullify the work outlined for the national conventions of the Republican and Democratic parties and leave to national primaries the selections of presidential candidates was introduced yesterday in the Senate by Senator Cummins of Iowa. It was referred to the committee on privileges and elections, before which Mr. Cummins will speak at a hearing at an early date in the hope of securing favorable consideration of his measure.

While the bill provides for federal primaries in all the states of the Union for all time to come for the nomination of party candidates for president and vice-president, there is in it a provision that the first federal primary shall be held on the second Monday of July, 1912. The Republican and Democratic national conventions will have been held in the meantime and candidates chosen by the two parties.

Should candidates other than those named at the conventions be chosen in the primary elections the country might be treated to the extraordinary condition of having each of the great political parties presenting for election two sets of candidates.

The bill also contains a stringent provision aimed to prevent corruption at the primary elections. It is provided that it shall be a crime for any person to agree to perform or to perform any service in the interest of any candidate in the consideration of money or other thing of value, but it does not prohibit candidates from publishing their announcements in newspapers and paying for them.

A provision of the bill makes it unlawful for any person to be a member of or to participate in the proceedings of any caucus, convention, or meeting of any political parties called for the purpose of nominating any candidates, or looking toward the nomination of any such candidates in any method or manner except by and through the primary election.

Any political organization that polled at the election last preceding the passage of the act as many as 5 per cent of the total vote cast for president, shall be deemed a political party for the purposes of the act and any organization whose candidates shall receive as many as 5 per cent of the total vote cast in the election next following the passage of the act shall thereafter be held to be a political party.

Every person qualified to vote under

the laws of the state governing the election of governors and representatives in Congress shall be qualified to vote in the presidential primaries. This, it is stated, would enfranchise many negroes in the South, who are practically barred by the partisan Democratic primaries, which exclude them from participation by limiting suffrage in white persons.

Nothing will remain undigested or sour on your stomach if you will take a little Diapiesin occasionally. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you can eat.

Eat what your stomach craves, without the slightest fear of indigestion or that you will be bothered with sour risings, belching, gas on stomach, heartburn, headaches from stomach, nausea, bad breath, water brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries. Should you be suffering now from any stomach disorder you can get relief within five minutes.

If you will get from your pharmacist a 50-cent case of Pape's Diapiesin you could always go to the table with a hearty appetite, and your meals would taste good, because you would know there would be no indigestion or sleepless nights or headache or stomach misery all the next day; and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

Pape's Diapiesin can be obtained from your druggist, and contains more than sufficient to thoroughly cure the worst case of indigestion or dyspepsia. There is nothing better for gas on the stomach or sour eructations from the stomach or to cure a stomach headache.

You couldn't keep a handier or more useful article in the house.

NO JONES IN AMERICAN.

Common Baseball Name Missing in Roster of Players This Season.

Baseball experts have discovered that for the first time in the history of the American league that organization seems likely to go through a season without a single player of the name of Jones.

Dave Jones of the Detroit Tigers and Tex Jones of the Chicago White Sox are the sole survivors. Both are said to be likely to spend the season on minor league teams. Four or five years ago Jones was a prominent name in baseball. There were Fielder Jones, famous leader of the world's champion White Sox; Dave Jones, considered the fastest runner in baseball; Charley Jones, one of the mainstays in the Washington outfield; Tom Jones, veteran of the St. Louis infield, and Bumpus Jones, pitcher for the Tigers.
